Continuation of Substance of Interview including description of the general nature of what was discussed: Examiner contacted Applicants' representative to request authorization for an Examiner's Amendment to correct problems with Claims 5-6, as well as request authorization to cancel Claims 3-4, 7-8 as being drawn to non-elected claims, thus placing the application in condition for allowance. In particular, Claims 5 and 6, as amended, both recite the limitation "... the values of X and Y coordinates of the feature...", which is not supported by the specification (See specifically Page 14, lines 7-15 of Applicants' disclosure). It was suggested that "values of X and Y" be deleted from Claims 5 and 6 to correct this error.
